RE: Billing Update: Change to CPT Codes for Telehealth Services

Effective January 1, 2025, there have been new codes implemented by the American Medical Association (AMA) for Telehealth services.

The previous codes required by the Culinary Health Fund for telehealth services (CPT codes 99421-99443) have been deleted and replaced with codes 98000-98015.

Please use codes 98000-98015 and POS code 02 or 10 going forward. The reimbursement for telehealth services remains at \$30.00.

If you have any questions about this update, please contact Healthcare Services at 702-892-7313, option 2 or healthcareservices@culinaryhealthfund.org.

Sincerely,

Culinary Health Fund
