RE: Notice of HCA Potential Termination

---

The Culinary Health Fund is a member of the Health Services Coalition (HSC). HSC represents 25 employer and union sponsored Health Plans in Southern Nevada with more than 280,000 covered lives collectively. Over the last year the HSC has been engaged in contract negotiations with HCA Healthcare. To date the two groups have not reached an agreement. We recognize the significant amount of planning and effort it will take to move care for this many patients, so to minimize patient and provider disruption please note the risk this contract may terminate February 29, 2024.

**What this means to you and to your practice is that the HCA facilities may no longer be contracted with the Health Services Coalition (HSC) effective March 1, 2024.** Therefore, should an agreement not be reached, effective March 1, 2024, patients who are members of all the organizations listed on this letterhead below, SHOULD NOT have ANY SERVICES scheduled or rendered at any of the following facilities:

- ER at the Lakes
- ER at Las Vegas Blvd
