Virtual Wellness Classes – August 2021

The Culinary Health Fund is now offering virtual wellness classes.

Although a referral is not required for any of our classes, patients are more likely to attend health and wellness classes when their doctor refers them and follows up on their progress.

This month's classes include the following topics:

- **Diabetes 1** – Learn about diabetes, how to measure your blood sugar and tips to live healthier.
- **Diabetes 2** – Find out how to make smart changes to your diet.
- **High Blood Pressure** – Learn how high blood pressure can affect your life.
- **Breastfeeding** – Learn what to expect when breastfeeding.

There is no cost to patients for the classes. You can conveniently view class dates and times on the website at: www.culinaryhealthfund.org.
