Inactive Providers – May

The following is a list of providers* that are **no longer active** as a Plan Provider on the Culinary Health Fund provider network:

LAST NAME	FIRST NAME	TITLE	SPECIALTY
Hallman	Daniel	MD	Podiatry

*List provided monthly

Use of Non-PPO Pathology Providers

If your practice is in POS 11: a Doctor's Office, all pathology samples must be sent to CPL.

Use of any lab other than CPL for pathology is considered non-PPO and will result in a bill for your patient, which could then result in financial responsibility for your office.

All laboratory and pathology samples must be sent to CPL, Culinary Health Fund's capitated provider.

Culinary Health Center Update

Starting in May, Culinary Health Fund participants need to be a primary care patient to access the following services:

- Acupuncture
- Chiropractic Care
- Physical Therapy
- Podiatry
- Radiology

What does this mean? Before an appointment can be made for a service listed above, the patient must have been seen by a Primary Care provider at the Culinary Health Centers within the past 18 months. This includes any Primary Care or Convenience Care (Walk-in Care) provider.

Patients can call 702-790-8000 to schedule an appointment.
