Dear Valued Culinary Provider,

Please be advised the procedures below fall under The Culinary Health Fund's mandatory pre-approval requirements for chemotherapy and radiation therapy treatments related to cancer.

Pre-approval requests for the below services will be reviewed by an oncology specialist. Proposed treatment must be submitted to American Health Holdings, Inc. (AHH) via their toll free number (866) 330-2307 or website at www.americanhealthholdings.com prior to services being rendered.

Please note that failure to submit treatment plans may result in reimbursement for treatment being delayed or denied.

- 61796 – Stereotactic radiosurgery; 1 simple cranial lesion
- 61797 – Each additional cranial lesion, simple
- 61798 – 1 complex cranial lesion
- 61799 – Each additional cranial lesion, complex
- 61800 – Application of stereotactic headframe for stereotactic radiosurgery
- G0339 – Image guided robotic linear accelerator-based stereotactic radiosurgery, completed course of therapy in one session or first session of fractionated treatment.
- G0340 – Image guided robotic linear accelerator-based stereotactic radiosurgery, delivery including collimator changes and custom plugging, fractionated treatment, all lesions, per session, second through fifth session, maximum 5 sessions per course of treatment

If you have any questions regarding this clarification, please feel free to contact Provider Services at (702) 892-7313.

Sincerely,

Cindy Pearson
Sr. Manager of Healthcare Networks
