## HOSPITALIST UPDATE

Dear Primary Care Physician,

The Fund's Hospitalist Program was established to promote a team approach to Culinary participant's care while in an acute hospital setting. As such, the Fund has required that all admissions are assigned to a hospitalist plan provider for continuity of care. In support of this goal the Fund encourages primary care physicians to remain engaged and informed about their patients care while in an inpatient setting. If you choose to visit your established patients in the hospital, please submit CPT code 99231 for reimbursement.

Please note: obstetrical and pediatric patients are excluded from the Hospitalist program. If there is concern with a hospitalist provider, or the care your patients are receiving, please contact Provider Services at (702) 892-7313, option 2 and a call with a Fund Medical Director will be coordinated.

<b>Facility Name</b>	<b>Hospitalist Group Name</b>	<b>Contact Number</b>
Sunrise Hospital	Nevada Acute Medical Services - Mandavia	224-2555
